

Technical Data Sheet

Icorene N2309-1000 NAT0000XX

Linear Low Density Polyethylene

Product Description

Icorene N2309 is a premium quality adhesion modified linear low density polyethylene suitable for general purpose use. This grade is mainly used for masterbatch applications.

Attribute	Good Adhesion; Good Processability
Forms	Powder
Application	Masterbatch

Typical Properties	Nominal Value	Units	Test Method
Physical			
Melt Flow Rate, (190 °C/2.16 kg)	24	g/10 min	ASTM D1238
Density	0.93	g/cm ³	ASTM D1505
Thermal			
Peak Melting Temperature	124	°C	ASTM D3418
