

Petrothene

# GA643000

Linear Low Density Polyethylene

Compounding Grade

Melt Index: 3.6      Density: 0.9395

## Applications

*Petrothene* GA643000 is a linear medium density polyethylene selected by customers for compounding. GA643000 is a barefoot resin and does not contain any additives. Compounding of appropriate additives for final processing applications is suggested.

## Processing Techniques

Specific recommendations for processing GA643000 can only be made when the processing conditions, equipment and end use are known.

## Typical Properties

Property	Nominal Value	Units	Test Method
Melt Index	3.6	g/10 min	ASTM D1238
Density	0.9395	g/cc	ASTM D1505

These are typical values and not to be construed as specification limits.
