

PC/ABS ALLOY

TYPE		GRADE	Characteristics	Applications
General purpose		200	Impact resistance Good flow	Camera parts Exterior panel Cluster fascia Wheel cover Structural Application I/P. core panel Helmet shell Glove box door Cowl vent grill
Heat		210	Impact & Heat resistance Good flow	
High beat		215	Dimensional stability High heat resistance Good flow	
High impact for low temperature		225	Impact & Heat resistance Dimensional stability	Air con. grill
Weather resistance		240	Impact resistance Good Weather-resistance	
Flame retardant		200N	Impact resistance Flame retardant	Cellular phone Monitor housing Coffee maker Hair dryer O/A part
Flame retardant & Heat		210N	Impact & Heat resistance Flame retardant	
Non-halogen	Flame retardant	200NH	Impact resistance Dimensional stability Processability	
	Flame retardant& Heat	210NH	Impact & Heat resistance	
		230NH	Dimensional stability Processability
