

31 January 2020

Dear Customer,

We refer to your inquiry regarding the application of the following legislation to the Product(s) listed below:

**MOLYKOTE™, TPSIV™ and MULTIBASE\* Branded Products**

**RoHS and WEEE Directives**

**Restriction of Hazardous Substances (RoHS)**

Results of the various analytical testing, auditing and process analysis techniques demonstrate that this material complies with the requirements of the Directive (EU) 2015/863 (RoHS 3) amending Annex II to directive 2011/65/EU (RoHS 2), 2003/11/EC (pentabromodiphenyl ether, octabromodiphenyl ether), the Chinese Standard GB/T 26572 – 2011 (Chinese RoHS 2, 2016) and the Act for Resource Recycling of Electrical and Electronic Equipment and Vehicles (Korea RoHS).

**Waste Electric and Electronic Equipment (WEEE)**

Results of the various analytical testing, auditing and process analysis techniques demonstrate that this material complies with the requirements of the Annex II of the European Directive 2002/96/EC (WEEE) and subsequent amendments up to and including 2012/19/EC and the Chinese Waste electrical and electronic equipment legislation as far as apply to substances.

This information is provided to the best of our knowledge and belief based on a review of current composition and information supplied by vendors. However, we do not specifically analyze for the presence of the substances indicated above and cannot guarantee the absence or level of these substances to any specific limit or threshold value.

Sincerely,

Philip Rogal  
Product Safety & Regulatory Senior Consultant  
DuPont Transportation & Industrial Division

**\*Multibase Brands include Multiflex, Multipro, Multibatch**

The information set forth herein is furnished free of charge, is based on technical data that DuPont believes to be reliable, and represents typical values that fall within the normal range of properties. This information relates only to the specific material designated and may not be valid for such material used in combination with other materials or in other processes. It is intended for use by persons having technical skill, at their own discretion and risk. This information should not be used to establish specification limits nor used alone as the basis of design. Handling precaution information is given with the understanding that those using it will satisfy themselves that their particular conditions of use present no health or safety hazards and comply with applicable law. Since conditions of product use and disposal are outside our control, we make no warranties, express or implied, and assume no liability in connection with any use of this information. As with any product, evaluation under end-use conditions prior to specification is essential. Nothing herein is to be taken as a license to operate or a recommendation to infringe on patents.

CAUTION: Do not use DuPont materials in medical applications involving implantation in the human body or contact with internal body fluids or tissues unless the material has been provided from DuPont under a written contract that is consistent with the DuPont policy regarding medical applications and expressly acknowledges the contemplated use. For further information, please contact your DuPont representative.

DuPont's sole warranty is that our products will meet our standard sales specifications in effect at the time of shipment. Your exclusive remedy for breach of such warranty is limited to refund of purchase price or replacement of any product shown to be other than as warranted. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, DUPONT SPECIFICALLY DISCLAIMS ANY OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, OR NON-INFRINGEMENT. DUPONT DISCLAIMS LIABILITY FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES.
