### 1. PRODUCT AND COMPANY IDENTIFICATION

Product name : CELCON® M25-07 CJ35704K10 DK GREEN (CUTCO)

Product code : 000000000021055722

#### Manufacturer or supplier's details

Company : Celanese (Shanghai) International Trading Co., Ltd  
赛拉尼斯(上海)国际贸易有限公司

Address : 4560 Jinke Road, Zhangjiang, Pudong  
Shanghai, China 201210

Telephone : 86-21-38619288

Emergency telephone number : CHEMTREC International phone number: +1-703-527 3887,  
+86 532 8388-9090 (China, 24h)

E-mail address : HazCom@celanese.com

#### Recommended use of the chemical and restrictions on use

Recommended use : Plastic processing industry

### 2. HAZARDS IDENTIFICATION

#### Emergency Overview

|            |           |
|------------|-----------|
| Appearance | : pellets |
| Odour      | : slight  |

Not a hazardous substance or mixture.

#### GHS Classification

Not a hazardous substance or mixture.

#### GHS label elements

No hazard pictogram, no signal word, no hazard statement(s), no precautionary statement(s) required

#### Physical and chemical hazards

Not classified based on available information.

#### Health hazards

Not classified based on available information.

#### Environmental hazards

Not classified based on available information.

# SAFETY DATA SHEET

|----------------|------------------------------|-----------------------------|----------------------------------------------------------|

### Additional Labelling

The following percentage of the mixture consists of ingredient(s) with unknown acute inhalation toxicity: 5.5 %

### Other hazards which do not result in classification

None known.

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

### Components

| Chemical name                                                                                                           | CAS-No.    | Concentration (% w/w) |
|-------------------------------------------------------------------------------------------------------------------------|------------|-----------------------|
| Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]                                              | 36443-68-2 | $\geq 2.5$ -< 10      |
| titanium dioxide; [in powder form containing 1 % or more of particles with aerodynamic diameter $\leq 10 \mu\text{m}$ ] | 13463-67-7 | $\geq 1$ -< 10        |

## 4. FIRST AID MEASURES

|                                                             |                                                                                                                                                                                 |
|-------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General advice                                              | : Do not leave the victim unattended.                                                                                                                                           |
| If inhaled                                                  | : If unconscious, place in recovery position and seek medical advice.<br>If symptoms persist, call a physician.                                                                 |
| In case of skin contact                                     | : Cool skin rapidly with cold water after contact with molten material.<br>Do not peel solidified product off the skin.<br>Burns must be treated by a physician.                |
| In case of eye contact                                      | : Remove contact lenses.<br>Protect unharmed eye.<br>If eye irritation persists, consult a specialist.                                                                          |
| If swallowed                                                | : Keep respiratory tract clear.<br>Do not give milk or alcoholic beverages.<br>Never give anything by mouth to an unconscious person.<br>If symptoms persist, call a physician. |
| Most important symptoms and effects, both acute and delayed | : None known.                                                                                                                                                                   |
| Notes to physician                                          | : Treat symptomatically.                                                                                                                                                        |

## 5. FIREFIGHTING MEASURES

# SAFETY DATA SHEET

according to GB/T 16483 and GB/T 17519

|----------------|------------------------------|-----------------------------|----------------------------------------------------------|
| Version<br>1.0 | Revision Date:<br>2024/06/12 | SDS Number:<br>300010000874 | Date of last issue: -<br>Date of first issue: 2024/06/12 |
|----------------|------------------------------|-----------------------------|----------------------------------------------------------|

|                                               |                                                                                                                                                     |
|-----------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                  | : Water<br>Foam<br>Dry chemical<br>Carbon dioxide (CO2)                                                                                             |
| Specific hazards during firefighting          | : Do not use a solid water stream as it may scatter and spread fire.                                                                                |
| Hazardous combustion products                 | : Formaldehyde<br><br>Carbon oxides                                                                                                                 |
| Specific extinguishing methods                | : Standard procedure for chemical fires.<br>Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
| Special protective equipment for firefighters | : Wear self-contained breathing apparatus for firefighting if necessary.                                                                            |

### 6. ACCIDENTAL RELEASE MEASURES

|                                                                     |                                                                                                                                               |
|---------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Avoid breathing dust.<br>Ensure adequate ventilation.<br>Avoid dust formation.                                                              |
| Environmental precautions                                           | : No special environmental precautions required.<br><br>If the product contaminates rivers and lakes or drains inform respective authorities. |
| Methods and materials for containment and cleaning up               | : Pick up and arrange disposal without creating dust.<br>Sweep up and shovel.<br>Keep in suitable, closed containers for disposal.            |

### 7. HANDLING AND STORAGE

#### Handling

|                                                 |                                                                                                                                                                          |
|-------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Advice on protection against fire and explosion | : During processing, dust may form explosive mixture in air.<br><br>Provide appropriate exhaust ventilation at places where dust is formed.                              |
| Advice on safe handling                         | : Minimize dust generation and accumulation.<br><br>For personal protection see section 8.<br>Smoking, eating and drinking should be prohibited in the application area. |
| Avoidance of contact                            | : Not applicable                                                                                                                                                         |

**Storage**

Conditions for safe storage : Keep in a dry, cool place.  
Maintain dryness of resin

Electrical installations / working materials must comply with the technological safety standards.

Materials to avoid : No materials to be especially mentioned.

Further information on storage stability : No decomposition if stored and applied as directed.

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Components with workplace control parameters**

| Components                                                                                               | CAS-No.    | Value type<br>(Form of exposure)       | Control parameters /<br>Permissible concentration | Basis  |
|----------------------------------------------------------------------------------------------------------|------------|----------------------------------------|---------------------------------------------------|--------|
| formaldehyde                                                                                             | 50-00-0    | MAC                                    | 0.5 mg/m <sup>3</sup>                             | CN OEL |

| Auto-ignition temperature           | : For further information, refer to the product technical data sheet. |

### 10. STABILITY AND REACTIVITY

|                                    |                                                                                                                                    |
|------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity                         | : No decomposition if stored and applied as directed.                                                                              |
| Chemical stability                 | : No decomposition if stored and applied as directed.                                                                              |
| Possibility of hazardous reactions | : Stable under recommended storage conditions.<br>No hazards to be specially mentioned.<br>Dust may form explosive mixture in air. |
| Conditions to avoid                | : No data available                                                                                                                |
| Incompatible materials             | : Not applicable                                                                                                                   |
| Hazardous decomposition products   | : No data available                                                                                                                |

### 11. TOXICOLOGICAL INFORMATION

#### Acute toxicity

Not classified due to lack of data.

#### Components:

Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:

# SAFETY DATA SHEET

according to GB/T 16483 and GB/T 17519

## CELCON® M25-07 CJ35704K10 DK GREEN (CUTCO)

|         |                |              |                                 |
|---------|----------------|--------------|---------------------------------|
| Version | Revision Date: | SDS Number:  | Date of last issue: -           |
| 1.0     | 2024/06/12     | 300010000874 | Date of first issue: 2024/06/12 |

Acute oral toxicity : LD50 (Rat): > 7,000 mg/kg  
Method: OECD Test Guideline 423

Acute inhalation toxicity : Assessment: No data available

### Skin corrosion/irritation

Not classified due to lack of data.

#### Components:

##### Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:

|            |                              |
|------------|------------------------------|
| Species    | : Rabbit                     |
| Assessment | : Not classified as irritant |
| Method     | : OECD Test Guideline 404    |
| Result     | : No skin irritation         |

### Serious eye damage/eye irritation

Not classified due to lack of data.

#### Components:

##### Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:

|            |                              |
|------------|------------------------------|
| Species    | : Rabbit                     |
| Result     | : No eye irritation          |
| Assessment | : Not classified as irritant |
| Method     | : OECD Test Guideline 405    |

### Respiratory or skin sensitisation

#### Skin sensitisation

Not classified due to lack of data.

#### Respiratory sensitisation

Not classified due to lack of data.

#### Components:

##### Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:

|            |                                      |
|------------|--------------------------------------|
| Species    | : Guinea pig                         |
| Assessment | : Does not cause skin sensitisation. |
| Method     | : OECD Test Guideline 406            |
| Result     | : Does not cause skin sensitisation. |

### Germ cell mutagenicity

Not classified due to lack of data.

#### Components:

##### Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:

|                          |                                                                      |
|--------------------------|----------------------------------------------------------------------|
| Germ cell mutagenicity - | : Animal testing did not show any mutagenic effects., Tests on       |
| Assessment               | bacterial or mammalian cell cultures did not show mutagenic effects. |

# SAFETY DATA SHEET

according to GB/T 16483 and GB/T 17519

## CELCON® M25-07 CJ35704K10 DK GREEN (CUTCO)

|         |                |              |                                 |
|---------|----------------|--------------|---------------------------------|
| Version | Revision Date: | SDS Number:  | Date of last issue: -           |
| 1.0     | 2024/06/12     | 300010000874 | Date of first issue: 2024/06/12 |

### Carcinogenicity

Not classified due to lack of data.

### Components:

#### Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:

Carcinogenicity - : Not classifiable as a human carcinogen., Overall weight of  
Assessment evidence indicates that the substance is not carcinogenic.

### Reproductive toxicity

Not classified due to lack of data.

### Components:

#### Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:

Reproductive toxicity - : No toxicity to reproduction, Animal testing showed effects on  
Assessment reproduction at levels equal to or above those causing  
parental toxicity.  
Animal testing showed effects on embryo-fetal development at  
levels equal to or above those causing maternal toxicity.

### STOT - single exposure

Not classified due to lack of data.

### STOT - repeated exposure

Not classified due to lack of data.

### Components:

#### Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:

Assessment : The substance or mixture is not classified as specific target  
organ toxicant, repeated exposure.

### Repeated dose toxicity

### Components:

#### Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:

Species : multiple species  
Application Route : Oral  
Remarks : No toxicologically significant effects were found.

### Aspiration toxicity

Not classified due to lack of data.

### Components:

#### Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:

No aspiration toxicity classification

# SAFETY DATA SHEET

according to GB/T 16483 and GB/T 17519

### Further information

#### Product:

Remarks : No data available

## 12. ECOLOGICAL INFORMATION

### Ecotoxicity

#### Components:

##### **Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:**

|                                                     |                                                                                                                       |
|-----------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Toxicity to fish                                    | : LC50 (Lepomis macrochirus (Bluegill sunfish)): 44 mg/l<br>Exposure time: 96 h<br>Method: OECD Test Guideline 203    |
| Toxicity to daphnia and other aquatic invertebrates | : EC50 (Daphnia magna (Water flea)): > 100 mg/l<br>Exposure time: 48 h<br>Method: OECD Test Guideline 202             |
| Toxicity to algae/aquatic plants                    | : ErC50 (Desmodesmus subspicatus (green algae)): > 100 mg/l<br>Exposure time: 72 h<br>Method: OECD Test Guideline 201 |
|                                                     | NOEC (Desmodesmus subspicatus (green algae)): 100 mg/l<br>Exposure time: 72 h                                         |

### Ecotoxicology Assessment

|                          |                                                       |
|--------------------------|-------------------------------------------------------|
| Acute aquatic toxicity   | : Harmful to aquatic life.                            |
| Chronic aquatic toxicity | : This product has no known ecotoxicological effects. |

### Persistence and degradability

#### Components:

##### **Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:**

|                  |                                                                                                       |
|------------------|-------------------------------------------------------------------------------------------------------|
| Biodegradability | : Result: Not biodegradable<br>Method: OECD Test Guideline 301<br>Remarks: Not readily biodegradable. |
|------------------|-------------------------------------------------------------------------------------------------------|

### Bioaccumulative potential

#### Components:

##### **Ethylenebis(oxyethylene) bis[3-(5-tert-butyl-4-hydroxy-m-tolyl)propionate]:**

|                                        |                                         |
|----------------------------------------|-----------------------------------------|
| Bioaccumulation                        | : Remarks: Bioaccumulation is unlikely. |
| Partition coefficient: n-octanol/water | : log Pow: 4.7 (23 °C)<br>pH: 6.4       |

# SAFETY DATA SHEET

### Mobility in soil

No data available

### Other adverse effects

#### Product:

Additional ecological information : No data available

## 13. DISPOSAL CONSIDERATIONS

### Disposal methods

Waste from residues : Where possible recycling is preferred to disposal or incineration.  
Dispose of in accordance with local regulations.

Contaminated packaging : Empty containers should be taken to an approved waste handling site for recycling or disposal.

## 14. TRANSPORT INFORMATION

### International Regulations

#### UNRTDG

UN number : Not applicable  
Proper shipping name : Not applicable  
Class : Not applicable  
Subsidiary risk : Not applicable
