**1. PRODUCT AND COMPANY IDENTIFICATION**

Product name : CELCON® M90 CC35508 TEMPEST GREY 966248  
Product code : 000000000021039716

**Manufacturer or supplier's details**

Company : Celanese (Shanghai) International Trading Co., Ltd  
赛拉尼斯(上海)国际贸易有限公司  
Address : 4560 Jinke Road, Zhangjiang, Pudong  
Shanghai, China 201210  
Telephone : 86-21-38619288  
Emergency telephone number : CHEMTREC International phone number: +1-703-527 3887,  
+86 532 8388-9090 (China, 24h)  
E-mail address : HazCom@celanese.com

**Recommended use of the chemical and restrictions on use**

Recommended use : Plastic processing industry

**2. HAZARDS IDENTIFICATION**

**Emergency Overview**

|            |           |
|------------|-----------|
| Appearance | : pellets |
| Odour      | : slight  |

Not a hazardous substance or mixture.

**GHS Classification**

Not a hazardous substance or mixture.

**GHS label elements**

Not a hazardous substance or mixture.

**Physical and chemical hazards**

Not classified based on available information.

**Health hazards**

Not classified based on available information.

**Environmental hazards**

Not classified based on available information.

# SAFETY DATA SHEET

according to GB/T 16483 and GB/T 17519

## CELCON® M90 CC35508 TEMPEST GREY 966248

|         |                |              |                                 |
|---------|----------------|--------------|---------------------------------|
| Version | Revision Date: | SDS Number:  | Date of last issue: 2021/01/27  |
| 1.2     | 2022/12/15     | 000000037525 | Date of first issue: 2019/05/08 |

### Other hazards which do not result in classification

None known.

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

### Components

| Chemical name | CAS-No. | Concentration (% w/w) |
|---------------|---------|-----------------------|
| formaldehyde  | 50-00-0 | < 0.02                |

## 4. FIRST AID MEASURES

|                                                             |                                                                                                                                                                                 |
|-------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General advice                                              | : Do not leave the victim unattended.                                                                                                                                           |
| If inhaled                                                  | : If unconscious, place in recovery position and seek medical advice.<br>If symptoms persist, call a physician.                                                                 |
| In case of skin contact                                     | : Cool skin rapidly with cold water after contact with molten material.<br>Do not peel solidified product off the skin.<br>Burns must be treated by a physician.                |
| In case of eye contact                                      | : Remove contact lenses.<br>Protect unharmed eye.<br>If eye irritation persists, consult a specialist.                                                                          |
| If swallowed                                                | : Keep respiratory tract clear.<br>Do not give milk or alcoholic beverages.<br>Never give anything by mouth to an unconscious person.<br>If symptoms persist, call a physician. |
| Most important symptoms and effects, both acute and delayed | : None known.                                                                                                                                                                   |
| Notes to physician                                          | : Treat symptomatically.                                                                                                                                                        |

## 5. FIREFIGHTING MEASURES

|                                               |                                                                                                                                                     |
|-----------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                  | : Water<br>Foam<br>Dry chemical<br>Carbon dioxide (CO <sub>2</sub> )                                                                                |
| Specific hazards during fire-fighting         | : Do not use a solid water stream as it may scatter and spread fire.                                                                                |
| Hazardous combustion products                 | : Carbon oxides<br>Formaldehyde                                                                                                                     |
| Specific extinguishing methods                | : Standard procedure for chemical fires.<br>Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
| Special protective equipment for firefighters | : Wear self-contained breathing apparatus for firefighting if necessary.                                                                            |

# SAFETY DATA SHEET

according to GB/T 16483 and GB/T 17519

## CELCON® M90 CC35508 TEMPEST GREY 966248

|         |                |              |                                 |
|---------|----------------|--------------|---------------------------------|
| Version | Revision Date: | SDS Number:  | Date of last issue: 2021/01/27  |
| 1.2     | 2022/12/15     | 000000037525 | Date of first issue: 2019/05/08 |

### 6. ACCIDENTAL RELEASE MEASURES

- Personal precautions, protective equipment and emergency procedures : Avoid breathing dust.  
Ensure adequate ventilation.  
Avoid dust formation.
- Environmental precautions : No special environmental precautions required.
- Methods and materials for containment and cleaning up : Pick up and arrange disposal without creating dust.  
Sweep up and shovel.  
Keep in suitable, closed containers for disposal.

### 7. HANDLING AND STORAGE

#### Handling

- Advice on protection against fire and explosion : During processing, dust may form explosive mixture in air.  
Provide appropriate exhaust ventilation at places where dust is formed.
- Advice on safe handling : Minimize dust generation and accumulation.  
For personal protection see section 8.  
Smoking, eating and drinking should be prohibited in the application area.
- Avoidance of contact : Not applicable

#### Storage

- Conditions for safe storage : Keep in a dry, cool place.  
Maintain dryness of resin  
Electrical installations / working materials must comply with the technological safety standards.
- Materials to avoid : No materials to be especially mentioned.
- Further information on storage stability : No decomposition if stored and applied as directed.

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Components with workplace control parameters

| Components                                                    | CAS-No. | Value type<br>(Form of exposure) | Control parameters / Permissible concentration | Basis  |
|---------------------------------------------------------------|---------|----------------------------------|------------------------------------------------|--------|
| formaldehyde                                                  | 50-00-0 | MAC                              | 0.5 mg/m <sup>3</sup>                          | CN OEL |
| Further information: G1 - Carcinogenic to humans, Sensitizing |         |                                  |                                                |        |
|                                                               |         | TWA                              | 0.1 ppm                                        | ACGIH  |
|                                                               |         | STEL                             | 0.3 ppm                                        | ACGIH  |

- Engineering measures : Local exhaust

---

Acute dermal toxicity : 270 mg/kg

### Skin corrosion/irritation

Not classified based on available information.

#### Components:

##### formaldehyde:

|         |                           |
|---------|---------------------------|
| Species | : Rabbit                  |
| Method  | : OECD Test Guideline 404 |
| Result  | : Corrosive               |

### Serious eye damage/eye irritation

Not classified based on available information.

#### Components:

##### formaldehyde:

|         |                           |
|---------|---------------------------|
| Species | : Rabbit                  |
| Result  | : Corrosive               |
| Method  | : OECD Test Guideline 405 |

### Respiratory or skin sensitisation

#### Skin sensitisation

Not classified based on available information.

#### Respiratory sensitisation

Not classified based on available information.

#### Components:

##### formaldehyde:

|         |                                            |
|---------|--------------------------------------------|
| Species | : Mouse                                    |
| Method  | : OECD Test Guideline 429                  |
| Result  | : May cause sensitisation by skin contact. |

### Germ cell mutagenicity

Not classified based on available information.

#### Components:

##### formaldehyde:

|                      |                                          |
|----------------------|------------------------------------------|
| Genotoxicity in vivo | : Species: Rat                           |
|                      | Method: Mutagenicity (micronucleus test) |
|                      | Result: negative                         |

### Carcinogenicity

Not classified based on available information.

**formaldehyde:**

# SAFETY DATA SHEET

according to GB/T 16483 and GB/T 17519

## CELCON® M90 CC35508 TEMPEST GREY 966248

|         |                |              |                                 |
|---------|----------------|--------------|---------------------------------|
| Version | Revision Date: | SDS Number:  | Date of last issue: 2021/01/27  |
| 1.2     | 2022/12/15     | 000000037525 | Date of first issue: 2019/05/08 |

Biodegradability : Inoculum: Fresh water  
Result: Readily biodegradable.  
Method: OECD Test Guideline 301C

### Bioaccumulative potential

#### Components:

##### **formaldehyde:**

Bioaccumulation : Bioconcentration factor (BCF): 0.4  
Remarks: Does not significantly accumulate in organisms.

### Mobility in soil

No data available

### Other adverse effects

#### Product:

Additional ecological information : No data available

#### Components:

##### **formaldehyde:**

Results of PBT and vPvB assessment : The substance does not meet the criteria for PBT / vPvB according to REACH, Annex XIII

## 13. DISPOSAL CONSIDERATIONS

### Disposal methods

Waste from residues : Where possible recycling is preferred to disposal or incineration.  
Dispose of in accordance with local regulations.  
Contaminated packaging : Empty containers should be taken to an approved waste handling site for recycling or disposal.

## 14. TRANSPORT INFORMATION

### International Regulations

#### **UNRTDG**

UN number : Not applicable  
Proper shipping name : Not applicable  
Class : Not applicable  
Subsidiary risk : Not applicable  
Packing group : Not applicable  
Labels : Not applicable

#### **IATA-DGR**

UN/ID No. : Not applicable
