_____

To whom it may concern

Please be advised that in <u>none</u> of the manufacturing processes of above mentioned brands/grades has been intentionally added the following substance:

- 4,4'-isopropylidenediphenol (Bisphenol A)   CAS No. 80-05-7   EC n° 201-245-8

Its presence is also not expected to be above 0,1% in raw materials, according to information coming from suppliers.
However, substance concentration, both in finished products and in raw materials, has not been checked by specific analysis.

This declaration does not relieve the converter from carrying out its own investigations and tests, neither does it imply any guarantee for certain properties nor the suitability of the products for any specific purpose.

This information applies to the material as it leaves its production facilities and does not cover any additive, pigment, etc… subsequently included or introduced by the converter.
