

Substances of Very High Concern Declaration

Version 1.0
Date: 7 November 2024

Product: Luran® S

Dear Customer,

The publication of the "SVHC Candidate List" according to Article 59(1) of Regulation EC No. 1907/2006 (REACH) triggers a number of obligations for the European market.

Article 31(1) REACH requires among others the supplier of a substance included in the "SVHC Candidate List" to provide the recipient with a safety data sheet.

Furthermore, Article 33 REACH requires the supplier of an article containing a SVHC substance in a concentration above 0.1 % (w/w) to provide the recipient in the EU with, as a minimum, the name of that substance.

Please be advised that based on the information available to us from our raw material suppliers the current product listed above doesn't contain as intentionally added additives or ingredients any of the Substances of Very High Concern (SVHC) above a concentration of 0.1 % w/w of the SVHC Candidate List, article 59 (1, 10) as published by ECHA **7 November 2024 (242 chemicals)**.

Please note that these substances have not been banned from use. Listing on the SVHC list only indicates that these substances may become subject to authorization.

So far, we are not aware that the articles supplied to you (product packaging) contain substances included in the recent SVHC Candidate List in concentrations above 0.1 % (w/w). Should our state of knowledge change, we shall inform you accordingly.

Please note that this declaration is only valid for prime products.

INEOS Styrolution Group GmbH

The information above refers to the state of the laws at the date of issue. This confirmation expires after 12 months or in the case of regulatory changes. When new statements are published on the internet portal, the former statements automatically become void. In your own interest please regularly check the information on the internet portal.

It is the responsibility of those to whom we supply our products to ensure that any proprietary rights and existing laws and legislation are observed. The statement provided is exclusively for our customers and respective competent authorities. It is not intended for publication either in printed or electronic form (e.g. via Internet) by others. Thus, neither partial nor full publication is allowed without written permission.
